

## Coatings specified to be applied on surfaces prepared by Bristle Blasting

Manufacturer	Coating name	remark
--------------	--------------	--------

### **International Paint / Akzo Nobel**

---

Intercure 202	75 µm
Intergard 475HS	200 µm
Interplus 356	75 µm
Interseal 670 HS	2 x 185 µm
Interseal 670HS	185 µm
Intersheield 300	2 x 175 µm
Interthane 990	60 µm
Interthane 990	60 µm
Interzone 954	2 x 250 µm
InterZinc 52	only for Australia, used in AAMI Park and Etihad Stadium in Melbourne

### **Dulux**

---

Durebild STE	Surface Tolerant Epoxy
Luxepoxy Sealer	Epoxy Penetrating Sealer
Luxepoxy 4 White Primer	Non Inhibitive Epoxy Primer (for non ferrous surfaces)
Luxaprime ZP	Single Pack anti-corrosive primer
Metalshield High Build Primer	Fast Dry Alkyd Shop Primer

### **Jotun**

---

Jotacote Universal	primer
Jotamastic 80	primer
Jotamastic 87	primer
Jotamastic 90	primer
Primastic Universal	primer
Jotamastic Smart-Pack	primer
Balloxy HB Light	primer
Epoxy HR	primer
Tankguard Storage	primer
Hardtop Flexi	primer
Jotatemp 650	primer
Pilot QD Primer	primer
Vinyguard Silvergrey 88	primer
Alkydprimer	primer

### **Belzona**

---

Belzona 1111	(ambient cured)
Belzona 1321	(ambient and post cured)
Belzona 1391	(ambient and post cured)
Belzona 1591	(ambient cured)
Belzona 5811	(ambient cured)

### **Berry Plastics**

---

e.g. Powercrete R-65/F1

## **HEMPEL**

---

Repair system for damages till bare steel:

Hempadur 17360/ 174DE  
Hempadur 45880/ 35650/1  
Hempathane 55610 or 55210

Repair system for damages within the coating system:

Hempadur 45880/ 35650/1  
Hempathane 55610 or 55210

Repair system for damages till bare steel:

Hempadur 35650/1/ 45753 or 35870

HEMPADUR MULTI-STRENGTH 45753  
HEMPATHANE HS 55610

Repair system for damages till bare aluminium:

Hempadur 15553  
Hempel's 457GB/ 35650/1/ 35870  
Hempathane HS 55610

Repair system for damages within the coating system:

Hempel's 457GB/ 35650/1/35870  
HEMPATHANE HS 55613

Repair system. damages till hot dip galvanization:

Hempadur 15553/174DE  
Hempadur 45880/ 35650/1  
Hempathane 55210/ 55610

Repair system. damages within the coating system:

Hempadur 45880/ 35650/1  
Hempathane 55210/ 55610

Repair system for damages till bare steel:

Hempadur 17360/ 174DE  
Hempadur 45880/ 47140/ 35650/1

Repair system for damages within the coating system:

Hempadur 45880/ 47140/ 35650/1

Repair system for damages till bare steel:

Hempadur 15553/ 174DE  
Hempadur 45880/ 35650/1  
Hempathane 55610 or 55210

Repair system for damages within the coating system:

Hempadur 45880/ 35650/1  
Hempathane 55610 or 55210

Repair system for damages till bare steel:

Hempadur 17360/ 174DE  
Hempadur 45880/ 35650/1  
Hempadur 45880/ 35650/1

Repair system for damages within the coating system:

Hempadur 45880/ 35650/1

Repair system for damages till bare steel:

Hempadur 15500

Repair system for damages within the coating system:

Hempadur 15500

Repair system for damages till stainless steel:

Hempadur 15553  
Hempadur 47140  
Hempathane 55610 or 55210

Repair system for damages within the coating system:

Hempadur 47140  
Hempathane 55610 or 55210

Repair system for damages till bare steel and within and down till the metallization:

Hempadur 17360/ 174DE  
Hempadur 45880/ 47140/35650/1  
Hempadur 45880/ 47140/35650/1  
Hempathane 55610 or 55210

Repair system for damages within the coating system:

Hempadur 45880/ 47140/35650/1

Hempathane 55610 or 55210

Repair system for damages till bare steel:

Hempel's 1 K Pur Zink 174DE

Hempadur 45880/ 17634

Hempathane 55610

## **SIKA**

---

e.g. Repairing system, Removal of damage to bare steel

SikaCor® Zinc PUR

SikaCor® PUR SW

Sika® Permacor® 2330

e.g. Repairing system, Removal of damage in the intermediate and/or top coat

SikaCor® PUR SW

Sika® Permacor® 2330

e.g. Repairing system, Removal of damage in the thermal sprayed zinc layer

SikaCor® Zinc PUR

e.g. Repairing system, Removal of damage to bare steel

Sika® Permacor® 2311 Rapid

Sika® Permacor® 2215 EG-VHS

Sika® Permacor® 2230 VHS

e.g. Repairing system, Removal of damage in the intermediate and/or top coat

Sika® Permacor® 2215 EG-VHS

Sika® Permacor® 2230 VHS

e.g. Repairing system, Removal of damage down to the steel on coated thermal sprayed resp. hot dip galvanized surfaces

Sika® Permacor® 2311 Rapid

Sika® Permacor® 2215 EG-VHS

Sika® Permacor® 2230 VHS
