# ULTIMATE ZAPPER®

THE PATENTED ULTIMATE ZAPPER® REMOVES FRP LININGS, VINYL, ADHESIVE RESIDUES, REFLECTING FOILS, STICKERS, AND DOUBLE-SIDED ADHESIVE TAPE FROM ACRYLIC PAINTS ON METAL SURFACES, WOOD, ALUMINIUM AND TRIM PANELS

ROTATION  
SPEED  
**1350**  
RPM  
APPROX.

The Ultimate Zapper® is a specially engineered material for removing FRP linings, vinyls and adhesives while ensuring that the paintwork is left undamaged and the substrate has no heat damage or smearing. The operating speed ensures a quick and effective cleaning of the surface.

The unique wheel with angled fingers provides a 'grab and peel' effect on the vinyl to lift from the surface. The patented notched fingers provide flexibility and increased air flow to the surface avoiding heat build up.

The Ultimate Zapper® is mounted onto an Adaptor system of 30 mm width and is used with the cordless drive unit with a 18V battery.

## THE ULTIMATE ZAPPER® ADVANTAGE

- Quickly and effectively removes FRP linings, vinyl, adhesive residues, reflecting foils, stickers, decals and double-sided adhesive tape
- Suitable for use on metal surfaces, bright metals, wood, aluminium and trim panels - with the paintwork and substrate left undamaged
- Approximately 15 minutes operating time is possible with one single battery charge
- The set includes one Ultimate Zapper® drive unit, a 30mm silicone compound wheel and MONTI EasyLock-Adaptor Hub. The charger kit includes a Single Fast Charger unit with 2 x 18 V, 5,5 Ah batteries
- Operation of the ULTIMATE ZAPPER® means no vibration or jumping - reducing operating fatigue
- No adhesive residue remains after operation
- The technology features the new, quick 'click & go' adaptor system which allows faster wheel changes
- 15 mm wheels are also available for smaller surface requirements
